Fast, single-source procurement for roofing and building envelope restoration and renovation. Fulfilled small business goals. Guaranteed quality workmanship and on-site project management. Each of these benefits is yours through the Tremco Small Business Strategic Alliance Program. Our program marries Tremco's incomparable products and service with innovative procurement solutions to meet your small business vendor requirements.

Tremco/WTI is Partnering To Deliver Procurement Solutions From Coast To Coast. Drawing on decades of extensive experience providing turnkey roofing, building envelope and facility management solutions to customers in government, education, healthcare and many other industries, we designed our Strategic Alliance Program to enhance business opportunities in those sectors for small business subcontractors.

Our business partners include 8(a), Service Disabled Veteran, Veteran-Owned, Small Disadvantaged, HUBZone, and Women-Owned contractors across the country, each individually qualified to ensure that your expectations and Tremco/WTI performance standards are met.

To date, Tremco has Strategic Alliances with small business construction firms under various NAICS codes, providing opportunities for these firms to serve as both prime and subcontractors as the need requires. Since 2001 we have successfully subcontracted work to more than 500 small business contractors throughout the United States.

Tremco/WTI is Dedicated To The Advancement of Diverse Business Partners. Through our Strategic Alliance Program, Tremco provides professional assistance and training in the following key areas:

- Technical product Training
- Sales and marketing support
- Proposal development
- Bonding assistance
